National Youth in Transition Database

We want to hear your thoughts, concerns, and goals for life after foster care.

The transition to adulthood can be tough. But you don't have to do it alone. There are opportunities you can take advantage of to help make it a little easier. The SC NYTD team at the Center for Child and Family Studies has partnered with SCDSS to get your feedback and link you to valuable resources to help you succeed! We hope you connect with us and let us be a part of your journey.

What Is NYTD?

NYTD stands for the National Youth in Transition Database. A part of this project includes getting input from youth who are in or have experienced foster care through the NYTD Survey. The survey asks questions about education, health, finances, housing, relationships, and the transition out of care.

Stay Connected!
